

# the Büchi «minipilot» family

Equipment for scale up studies and small scale production

- fully corrosion resistant
- versatile
- explosion proof
- compact

## scrubber

For exhaust cleaning

## reactor

For Multiple chemical reactions

- 5, 10, 15 liters interchangeable glass reaction vessels
- -1.0 to + 1.0 bar in vessel
- -90°C to +200°C

## filter

For Filtration after the reaction
